Remy Automotive Hungary LLC.

**Ref.: REACH Regulation (EC) 1907/2006 – Substances of Very High Concern**

Dear Sir/Madam,

On 28th October 2008 the European Chemicals Agency (ECHA) published the first version of the Candidate List of Substances of Very High Concern (SVHC) for authorisation. The list is available at:

[http://echa.europa.eu/chem\\_data/candidate\\_list\\_table\\_en.asp](http://echa.europa.eu/chem_data/candidate_list_table_en.asp)

Under the REACH regulation (Article 33), there is a requirement that producers, importers and other suppliers of articles containing substances of very high concern (SVHC) included in the candidate list for authorisation in concentration above 0.1 % (w/w) have to provide respective information available to them to the recipients of the articles and as a minimum the name of the substance<sup>1</sup>.

Please send us a list by no later than **January 30<sup>th</sup> 2009**, mentioning all products supplied to Remy Automotive Hungary LLC. containing substances on the candidate list, or a confirmation that there are none.

Please consider that meeting this deadline is mandatory to enable Remy Automotive to comply with its own obligation towards its customers.

With kind regards,

A handwritten signature in blue ink, appearing to read "Elemer Kovacs".

Elemer Kovacs  
REACH contact person

**Attachement: Statement concerning SVHCs under REACH**
